1. Students brought home their SuperKids textbook. Students will turn to their new story for the week, "The Case of the Mystery Monster." Students will make sure they have completed superkids pages 11-12.

2. Attached are two stories that students will need to read and write down the answers to the questions on a piece of paper that they will turn in. These stories are also in the packet. They will also need to identify and write down all the words that have the same vowel pattern.

The two stories are called:

-Soccer

-Golfing

3. Attached as well as in the packet is the "id" family where students will have to read the words at the top, read the four boxes, put the words in ABC order, and complete the word search.

4. For math, I would like students to complete Lesson 2 (pages 251-252) as well as lesson 12.6 reteach sheet (page 96). Also attached is a practice and enrich pages on 2D shapes for students to complete.

6. For religion, I have attached "A Catholic to Know" on Blessed Teresa of Calcutta where they will have to read the passage and draw themselves helping someone in need.

9. For science, they will have to compare bees and ants. They will have to fill out how they are different and how they are the same.

Thank you for your cooperation. I hope your family is safe and healthy during this time. Please let me know if you have any questions.

Sincerely,

Ms. Tahmassebi
