

Dear Parents,

Thank you for your cooperation and supporting your child with these tasks for today. Please note that you will not need to print anything out. I hope that you all are having a wonderful week! Below are the lessons and each assignment is in the packet as well as attached.

If you have any questions, please feel free to reach out.

1. Students brought home their SuperKids textbook. Students will need to read both of the stories in the unit out loud for fluency practice. The stories include “For the Birds” and “The Lost Mitt.”

They will also need to complete Superkids page 31 and page 24 that are attached and also in their packet.

2. Attached are two stories that students will need to read and write down the answers to the questions on a piece of paper that they will turn in. These stories are also in the packet. They will also need to identify and write down all the words that have the same vowel pattern.

The two stories are called:

-With the Lions

-Golfing

3. For math, I have attached the lesson 12.7 (attached and in the packet) and will record a video lesson as well. Students will also have to complete Lesson 12.1- this is attached and also in the packet.

4. For science we are learning about the life cycle of butterflies. I have attached another life cycle activity that students need to complete.

5. For religion, I have attached a story (in packet, too) named “Mary is Our Queen.” Students will read the story and complete the picture of them giving flowers to Mary.

6. Students will have to complete the “ab” family practice. This is attached as well as in their packets.

7. Students will also have to complete their handwriting pages (umbrella and swan pages).

Thank you for your cooperation. I hope your family is safe and healthy during this time. Please let me know if you have any questions.

Sincerely,

Ms. Tahmassebi
